**Qnodiam, Education that enlightens!**

- ❖ Dependable Competency Partners
- ❖ Expert Industry Veterans
- ❖ Lucid & Practical

**Qnodiam's** mission is to mentor school **children into leading edge technologies** because children's appreciation for technology today, will make **India the leader** of tomorrow.

**Our globally industry leading coaches specialize in:**

1. Comprehensive teaching of Robotics & AI **board curriculum**
  - Python computing skills & all relevant libraries
  - Data Science, Analytics & Visualization
  - Machine Learning
  - Neural Networks & Deep Learning
  - Computer Vision & NLP
  - IoT & Robotics
2. Hands-on labs & project-based mentoring
3. Support beyond syllabus & instil knack for career excelling
4. Generative AI
5. Impart awareness of ethical considerations
6. Accurate **skill assessment** and **certifications**

# A BRAVE NEW WORLD

***A.I. – more profound than fire or electricity!***

- Sundar Pichai, Alphabet C.E.O.

## **Mundane Professions to Phase Out**

- ❖ Basic office jobs: Accountants, clerks, tellers, junior lawyers
- ❖ Junior software & web dev, BPOs, telemarketing & data entry
- ❖ Basic content writers, proofreaders & graphic designers
- ❖ Farming, security, factory workers & assembly line
- ❖ Packagers, drivers, warehousing workers, delivery workers

## **Experts To Need More AI Skills**

- ❖ Healthcare: Doctors, surgeons, therapists, technicians
- ❖ Teachers & educationists
- ❖ Scientists & researchers
- ❖ Software developers, trade's people, technicians & artists
- ❖ Corporate strategists, social workers & lawyers

## **Creative & Innovative Professions To Be In**

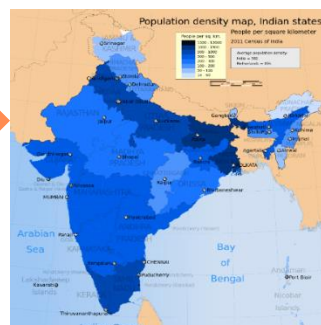

- ❖ Artificial intelligence & Machine learning engineers
- ❖ Data engineers & data scientists
- ❖ IoT specialists & robotics engineers
- ❖ Senior software engineers

**Qnodiam**  
Education that enlightens!

Visualization is key

## ❖ Visualize the DATA & SCIENCE of data science/AI:

- Optimized coding skills
- Stimulates interest in otherwise dry subject
- Triggers innovation through imagination
- Comprehensive training resources

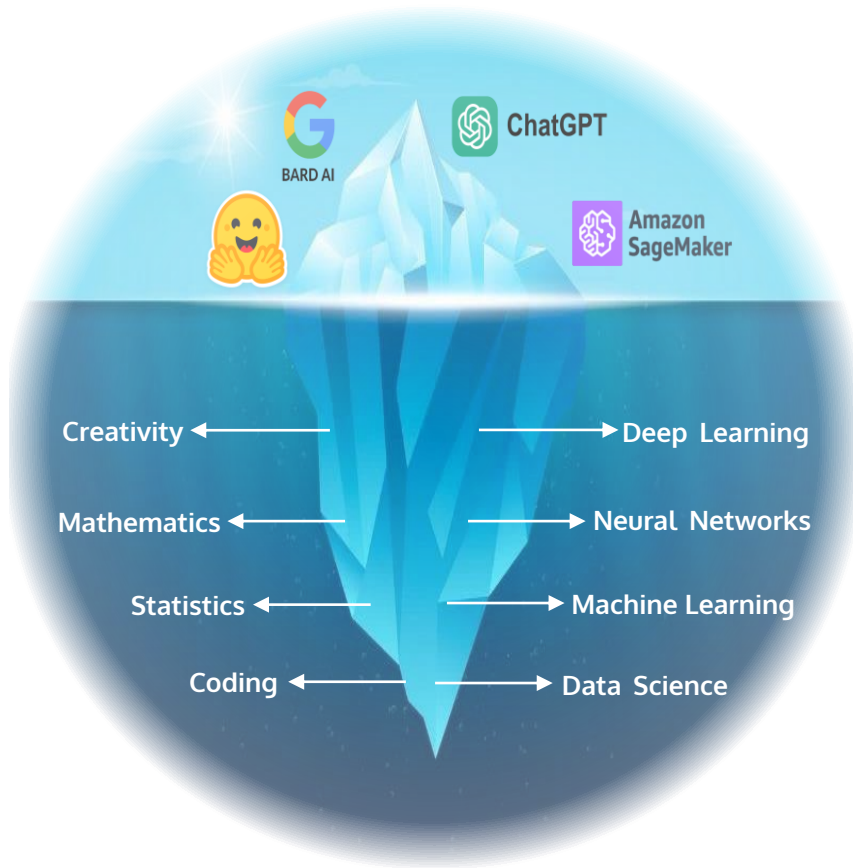

Visual demonstration of how AI actually works internally

## ❖ Relatable concepts: simplified & delightful

- Empathetic & supportive teaching style
- Step-by-step, holistic approach
- De-clutter the thoughts & inspire to seek further

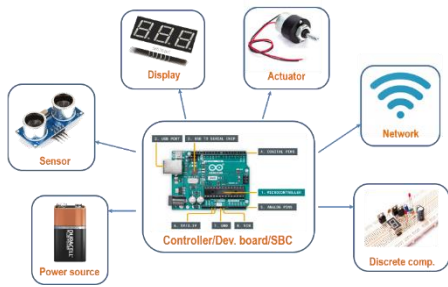

# THE QNODIAM ADVANTAGE – DEMYSTIFY GENERATIVE AI

## Learn to Leverage Generative AI:

- ❖ Different models and pipelines
- ❖ Prompt Engineering
- ❖ RAG Technique
- ❖ Langchain, Gradio for AI based apps
- ❖ Deploy your own chatbot
- ❖ Exciting NLP projects

# THE QNODIAM ADVANTAGE – ROBOTICS & IOT

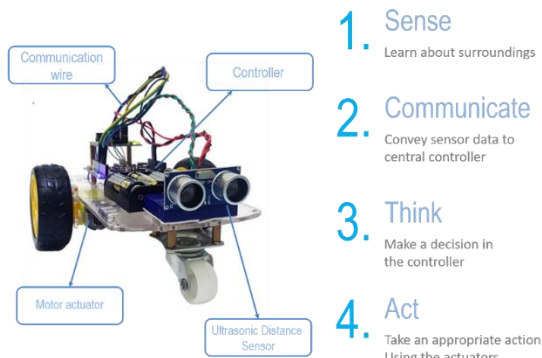

Robotics Components

❖ At Qnodiam, we boast our own:

- Development boards
- Managed IoT cloud platform
- Comprehensive training resources

❖ We inspire through hands-on projects:

- Comprehensive syllabus coverage
- Practical & lucid, help conceptualize
- Inspire beyond curriculum to excel in career

Experiments & Projects

- 24 years of blue-chip experience
- Corporate trainer & excellent communications
- *Dynamo of energy, dependable & trusted for the job!*

– Vish Coosa, Morgan Stanley, U.S.A.

## ❖ Thorough Knowledge, Can Make Difficult Concepts in AI Seem Lucid

- Worked on multiple Corporate AI projects globally
- Elementary thinker, visualizes subject matter through clutter & noise
- Improved accuracy of AI models singlehandedly up to 99.8%
- *Super brain, the best guy to take care of all our AI implementation!*

– Government Client
